Option 2: Research Paper

If the research paper from Unit 6 worked well for you, then this is a good option.

Your task is to write a 3-5 page research paper about the history of volunteerism and its significance throughout the course of modern human existence. Look at the volunteer efforts of the Great Depression in America, or perhaps the tsunami relief efforts in 2004 and 2011, or even efforts of major celebrities like Bono and the RED campaign... as always, run your topic by me before you get started.

Ultimately, your paper must address this central question:

How does / has volunteerism impact the economy?

General Paper Requirements:

1. 3-5 Pages in Length (not including cover or citation pages)
2. Cover Page (Check the Format from Unit 6)
3. Double Spaced
4. Times New Roman, Size 12
5. A Minimum of 3 Sources
6. A Separate Citation Page
7. Printed Hard Copy for Your Final Submission
